

27th April 2017

Dear Parents

Please find attached a copy of the S48 Inspection of Religious Education that took place on the 15th and 16th of March 2017. The report is very, very positive and highlights much of the excellent and outstanding work that the school is involved in.

The report affirmed that St. Gabriel's is a welcoming school and that our mission statement is evident everywhere and in every member of the St. Gabriel's family. All our Staff at St. Gabriel's are fully committed to the development of every child's faith, through their words, actions and hard work.

Many thanks to our children; their heartfelt spirituality was felt by the inspectors. Our thanks also go out to our parents who continually support and are actively involved with our school. We also thank our Staff and our Governors for their continued commitment to St. Gabriel's.

With thanks for your continuing support.
