

Admissions Policy

We aim to provide a happy caring environment in which learning is fun for all. At St. Gabriel's Pre-School children have the opportunity to develop as individuals and move forward with confidence and enthusiasm.

It is our intention to make St. Gabriel's Pre-School genuinely accessible to the children and families from all sections of the local community.

St. Gabriel's Pre-School can accept a maximum of 50 children at each session. Children aged "between" 2 year, 9 months to 4 years, 11 months.

Ratios -

For children aged two:

- there must be one member of staff for every four children.

For children aged three and over:

- there must be at least one member of staff for every eight children

We have a waiting list which parents can place their child's name on at any time. Children will normally be admitted to the Pre-School according to their date of birth, unless there are exceptional circumstances.

It is a statutory requirement that full details of the children attending are kept on record by the Pre-School, so parents will be asked to complete the necessary Registration Forms.
